

## 8.5" x 11" half-fold brochure, folds to 8.5" x 5.5" (Outside/Back)

Please submit and or open all template files at **300 DPI**. If your brochure has bleeds and requires printing to the edge, your artwork needs to be extended to the **green** boundary box to ensure correct bleeds. The **green** shaded area will be trimmed off

**We recommend that text should be AT LEAST 1/8" inside the cut line** on each side of your card layout represented by the blue box.

### Delete This Layer

You are responsible for deleting this layer so it doesn't print in your finished brochure. Angel Printing is not responsible for reprinting your job if your files are not set up properly.
